## PERMANENT HAIR REDUCTION

SHR (Super Hair Removal) technology is the very latest in fast, virtually pain free hair removal.

The system combines laser technology, plus Intense Pulsed Light, which is achieving outstanding results with better protection for your skin. SHR offers you silky smooth, ready-for-anything skin all year round!

## SKIN REJUVENATION

E-Light works by gently heating up the dermis, well below your skins surface! This promotes and stimulates collagen / elastin regrowth, therefore discretely and effectively treating fine lines, wrinkles, large pores, uneven skin texture, diffuse redness, acne and some scarring. Your skin will look younger, plumper and more radiant !

Full Face	200
Full Face + Neck	250

## PIGMENTATION REMOVAL

Spot Treatments	from 50
Hands	150
All other Areas	POA

## VASCULAR TREATMENTS
